

# Learn2™ Seat + Surface

**SNEAK PREVIEW**  
Available December 2011

Mobile, adaptable seating that fits student needs and preferences for collaborative and interactive learning environments.

## How It Moves:

- Surface - swivels 360 degrees and moves in/out for customized comfort and enhanced interaction.
- Support arm- rotates right/left (220 degrees) to accommodate any preferred position.
- Seat - swivels for ease of entry/exit (28 degrees left and right from center)

## Options:

- Wave or Strive seat shells.
- Poly or upholstered.
- Dual accessory racks with or without cup holder.
- Learn2 is also available on Single Pedestal and Jury Base for fixed seating applications.

adept

flexible

student-focused

- Adept move-ability – facilitates individual work or small to large group teaming.
- Ultimate flexibility - fully adjustable, non-handed worksurface and a swivel seat.
- Student focused - adapts to each student's personal space and provides customized comfort. Optional accessory storage is easy to access on both the left and right.
