- Less money

Furnishing Knowledge®

Impress® Task Chairs

Pay a high price for comfort? Not with Impress seating. Impress seating offers extraordinary comfort for less money.

What's the secret to the extraordinary comfort? It's simply the seat. A high-performance foam formulation creates a very soft sit. Impress seats and backs are upholstered in KI in-grades, Pallas, COM, COV or leather.

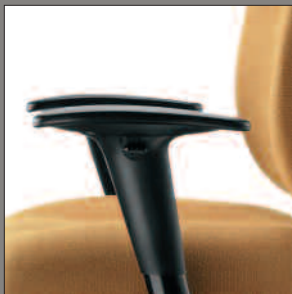

Does low price mean fewer adjustment features? Absolutely not. Seat depth, arm height and arm width adjustments are options. Adjustable back height and back lock are standard.

Impress seating is available as a task chair, task stool or guest chair.

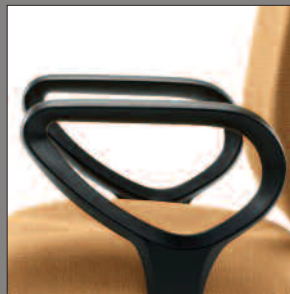

Impress task seating is available with four arm options: Pivoting T-Arm, Adjustable T-Arm, Loop Arm and Adjustable Loop Arm.

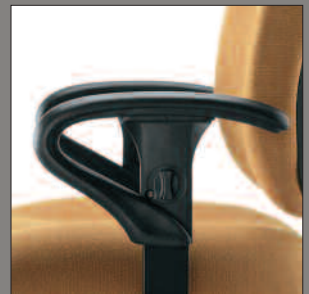

Pivoting T-Arm

Adjustable T-Arm

Loop Arm

Adjustable Loop Arm

Impress® Ultra Task Chairs

For Impress Ultra seating, we take the great comfort of Impress seating and improve upon it.

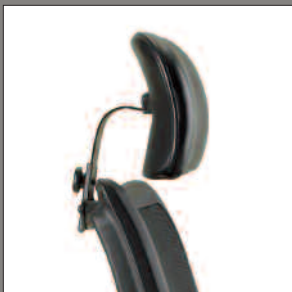

First, we add a mesh back. Mesh conforms to the unique curvature of your back.

Second, we cover the soft Impress seat with Soft Knit fabric. Soft Knit stretches two ways and is woven specifically for the Impress Ultra seat. The result ... no foam compression, which means an even softer sit. You'll realize the greatest comfort with Soft Knit fabric. But Impress Ultra seating can also be upholstered in KI in-grades, Pallas, COM, COV or leather.

Impress Ultra seating is available in two task chair versions – high-back or mid-back – as a task stool and as a guest chair.

Seat-depth adjustability is a standard feature on the Ultra task chair. On the mid-back version, back height is also adjustable, and is standard.

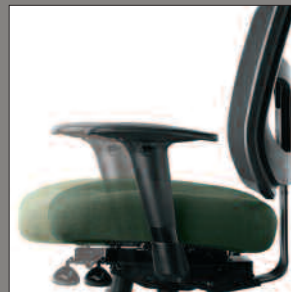

Four arm options are available: Pivoting T-Arm, Adjustable T-Arm, Loop Arm and Adjustable Loop Arm.

Optional headrest
(high-back only)

Arm width adjustment

Seat depth adjustment

Back height adjustment
(mid-back only)

**You make the rules.
We make the rest.®**

Of course KI solutions work better for you. They're made for you. No one pays more attention to customer needs than we do. We don't design our furniture to win awards (even though it does). We don't rely on one-size-fits-all solutions (even though they would make our life easier). We find out what you need. And, we make it. The same applies to our service, distribution channels... everything we do. It's all built around knowing what you want and giving you the choice. KI solutions work, because we're working for you.
