W 35.75 D 38.25 H 47.5
Seat: W 25 D 20.75 H 20.75
Arm Height: 24.5 Midway

Sleep Surface: W 25 D 79
COM: 6.5 yds.
Weight: 150 lbs.

■ **Pictorial Instruction Guide**
These easy read instructions, located under the headrest, guide the patient, guest or family member through the recline, ottoman or sleep operation.

■ **Push Handles**
Our soft touch handles are ergonomically located on the upper back making it easy to guide the chair in the direction desired.

■ **Trendelenburg Activation Lever**
Easily activated lever located on both sides for the caregivers use in those unforeseen emergencies.

■ **Tilt Activation Lever**
This recessed lever allows for infinite recline to sleep positions.

■ **Casters for Mobility**
Tente casters are strategically located at the corners and designed to be hidden for aesthetics. The two rear casters are easily accessed for locking purposes.

■ **Ottoman Lever**
Our soft touch ottoman lever provides four position adjustability; Sit, Rest, TV and Sleep.
