## ■ Specification Information

Description	Hard Plastics
Content	Wood flour core (100% waste by-product reclaimed from the paper mill industry) with a color paper overlay.
Performance	
Flame Resistance	Meets or exceeds ASTM E-84 (75) fire test results for surface burning characteristics. (Serial No. 27246 [4820] conducted by Factory Mutual Research [flame spread - fuel contribution - smoke development] Class B.)
Bacteria Resistance	Meets or exceeds ASTM G-22.
Tensile Strength	Meets or exceeds ASTM D-638.
Impact Resistance, Delamination, High Temperature Resistance, and Cigarette Burn Resistance	Meets or exceeds FED LT-0041 C.
Colorfastness	Meets or exceeds NEMA LD3-2000.
Stain and Wear Resistance	Meets or exceeds ANSI Z-124.3

There may be slight variations in color, texture, and finish between these samples and the product.
