FOR
YOU**

■ **The most advanced fixed seating, from the leader in fixed seating.**

University Seating

Seminar Table

Fixed seating that isn't "stuck" in the past!

Whichever type of KI fixed seating you choose, the elliptical Select Base provides a fresh, modern look. Lecture halls and classrooms are usually entered from the back of the room. Even from this vantage, the Select Base makes a favorable impression with concealed swing-arm connections on University Seating. And, in rooms where more than one type of fixed seating is necessary, the Select Base flawlessly coordinates the look.

The Select Base enhances the look of all five KI fixed seating types: University seating, Seminar tables, Single Pedestal seating, Jury Base seating, and Sequence seating (riser mount not available).

Select Base Jury Base seating offers a unique, optional seat-slide mechanism for forward/backward movement. A user-activated lever adjusts the seat to four positions in a 3-inch range. And the seat still swivels the full 360 degrees.

Seminar Table

Sequence Seating

Single Pedestal Seating

Jury Base Seating

Select Base Fixed Seating.

A clean, upscale design. Create fresh and exciting environments for auditoriums, lecture halls and classrooms with Select Base fixed seating exclusively from KI. Contemporary elliptical supports and angled swing arms. Tapered base covers that completely conceal the swing-arm connections. All contribute to a compelling profile.

No worries. Get safety and ease with Select Base fixed seating. Tamper-resistant design with pliant swing-arm shields. Covered pinch points. Ease of cleaning.

Lots of options. Select from all existing fixed seating options with the Select Base. Shell styles. Tablet arms. Table edge styles. Modesty panels. Worksurface tops. Power and data. Spacing. Only KI offers the unique Select Base style and all these options.
